12. Please indicate your progress this year towards achieving your annual targets and milestones for KPI 1

	Target: What were your annual targets for the reporting period?	Actual: What did you achieve?
1.	During this period the APC was scheduled to meet and review existing packaging as per SPG guidelines.	The team did not convene a meeting. A review of an existing packaging product (polystyrene) was reviewed with extensive trials conducted on a replacement product (cardboard). The cardboard product under trial did not produce the desired results and was put on-hold. The issues have been discussed with the manufacturer and a review and redesign was scheduled during the remainder of 2012.

13. Describe any constraints or opportunities that affected performance under this KPI

Due to committee member commitments, the opportunities to schedule and convene meetings did not eventuate. A review of the committee is to be completed during 2013.

Goal 1: Design

KPI 1: % of signatories with documented policies and procedures for evaluating and procuring packaging using the SPG's or equivalent.

Good result, but completion is outside this reporting period. Begun in this reporting period as reported last year.

**Goal 3: Product Stewardship**

**KPI 6: % signatories with formal processes to work collaboratively on packaging design and / or recycling.**

21. Does your company have formal processes in place for collaborating with other companies or organisations on improved packaging designs and/or recycling which aims to reduce or eliminate waste?

Yes

No

22. Please indicate your progress this year towards achieving your annual targets and milestones for KPI 6

	Target: What were your annual targets for the reporting period?	Actual: What did you achieve?
1.	Waste management contracts to be reviewed to increase recycling of waste product.	Waste program has been reviewed during 2012 and has continued into 2013. Objective is to consolidate multiple waste recycling contractors into a single waste contractor.

23. Describe any constraints or opportunities that affected performance under this KPI

Currently CYB have engaged multiple contractors to assist with recycling of waste product. Methods of collection and collection schedules are not ideal causing accumulation of recyclable waste products on-site. Objective is to engage single point contractor to assist with waste management program. This is currently not progressing in a timely manner, however, we are continuing discussions with other potential service providers.

Goal 3: Product Stewardship

KPI 6: % signatories with formal processes to work collaboratively on packaging design and / or recycling.
